FOR

**BID NO. 2026.07 WESTSIDE SUBDIVISION DRAINAGE
IMPROVEMENTS**

FOR

CALHOUN COUNTY, TX

**TEXAS GENERAL LAND OFFICE
GLO CDBG MIT-MOD CONTRACT NO. 24-065-152-F011**

JUNE 18, 2026

Prepared by:

G&W Engineers, Inc.
205 West Live Oak
Port Lavaca, Texas 77979
(361) 552-4509

Approved by:

G & W Engineers, Inc.
Texas Registered Engineering Firm F-04188
Project No. 5310.022c

Scott P. Mason, P.E.
Texas Serial No. 127893

Clarifications to the original Contract Documents, Contract Drawings and/or Specifications have been deemed necessary, and in certain cases, revisions to the original Contract Documents, Contract Drawings and/or Specifications are required. If discrepancies and/or inconsistencies exist between these specified revisions and the original Contract Documents, Contract Drawings and/or Specifications, said Addendum No. 2 shall govern.

CLARIFICATIONS:

1. Technical Specification number 02575 “Surface Replacement” shall govern for pavement restoration associated with driveways.
2. Technical Specification Number 02510 “Asphaltic Pavement” shall govern for pavement restoration associated with all local streets and city/county roadways.
3. Lime Stabilization under driveways will not be required or applicable as per called out on Sheet C11.1.
4. Nyloplast Inlets basin diameter shall be a minimum diameter of the equivalent pipe diameter in/out of the basin, i.e. 15” pipes shall have a minimum basin diameter of 15”.
5. The construction plans call out “HPP” as pipe material type label, but this clarified to be HDPE per technical specification 02725.
6. Dimensions for driveways shall be determined from scaling the drawings and are intended to be an in-kind replacement of existing dimensions with necessary elevation modifications, as necessary, to facilitate the drainage work, and to provide property owners with new driveways from edge of road to property line. Thickness of pavement sections as per drawings and specifications. For concrete pavement an expansion joint on each side of the pipe (approximately 3’ apart and running parallel) shall be implemented.
7. All removed/existing pipes, materials, etc., shall removed from the project site and disposed of by the contractor in accordance with local, state and federal requirements.

CONTRACT DOCUMENTS

REMOVE: Wage Rates from Section 3, Item 29
REPLACE with: Revised Wage Rates dated 05/18/26

CONTRACT DOCUMENTS

REMOVE: Bid
REPLACE with: Revised Bid per this addendum
EXPLANATION: Clarifications/modifications and Additional Bid Items added as Owner’s Options as appropriate.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the

Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the E0, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the E0 is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than 0SU0, 0UAVG0, 0SA0, or 0SC0 denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for

the classifications reflected union rates. EXAMPLE:
 UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The **SU** identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The **SA** identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the **SA** identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

- a) a survey underlying a wage determination
- b) an existing published wage determination
- c) an initial WHD letter setting forth a position on a wage determination matter
- d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
 Wage and Hour Division
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations.

Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210.

" END OF GENERAL DECISION

BID SCHEDULE

PROJECT NAME: Bid No. 2026.07 - WESTSIDE SUBDIVISION DRAINAGE IMPROVEMENTS – GLO CDBG MIT MOD Contract No. 24-065-152-F011 for Calhoun County, Texas

DUE DATE: JUNE 25, 2026 BEFORE 2:00:00 P.M.

BIDDER NAME: _____

BASE WORK SCOPE is: The project consists of approximately 14,976 LF of roadside ditch grading, 15”, 18” 24” and 48” HDPE pipe and structures, 48” steel railroad drainage pipe and structures, driveway, sidewalks and roadway restoration for a complete project.

Base Bid				
Item	Quantity	Unit	Unit Price	Total Bid Price
1. Furnishing all necessary equipment, materials, and labor for Mobilization, Insurance and Bonds, as per plans and specifications.	1	LS		
2. Furnishing all necessary equipment, materials, and labor for Traffic Control as per plans and specifications.	1	LS		
3. Furnishing all necessary equipment, materials, and labor for project CDBG temporary acknowledgement sign as per page 02845-1 of the specifications.	1	LS		
4. Furnishing all necessary equipment, materials, and labor for the installation of 15” HDPE Pipe as per plans and specifications.	3,637	LF		
5. Furnishing all necessary equipment, materials, and labor for the installation of 18” HDPE Pipe as per plans and specifications.	2,678	LF		
6. Furnishing all necessary equipment, materials, and labor for the installation of 24” HDPE Pipe as per plans and specifications.	522	LF		
7. Furnishing all necessary equipment, materials, and labor for the installation of 48” HDPE Pipe as per plans and specifications.	112	LF		
8. Furnishing all necessary equipment, materials, and labor for the installation of 48” Steel Sched. 80 Pipe, by Bore (2 each at 25’ each) and as per plans and specifications.	50	LF		
9. Furnishing all necessary equipment, materials, and labor for installation of custom Nyloplast Plastic Inlet as per plans and specifications.	39	EA.		

Base Bid Continued				
Item	Quantity	Unit	Unit Price	Total Bid Price
10. Furnishing all necessary equipment, materials and labor for the construction of Roadside Ditch Regrading as per plans and specifications.	14,976	LF		
11. Furnishing all necessary equipment, materials and labor for the Replacement of Limestone Driveway surface as per plans and specifications.	14,392	SY		
12. Furnishing all necessary equipment, materials and labor for the Replacement of HMAc Driveway surface as per plans and specifications.	264	SY		
13. Furnishing all necessary equipment, materials and labor for the Replacement of Concrete Driveway surface as per plans and specifications.	594	SY		
14. Furnishing all necessary equipment, materials and labor for the Replacement of Concrete Sidewalks as per plans and specifications.	14	SY		
15. Furnishing all necessary equipment, materials and labor for Roadway HMAc Replacement as per plans and specifications.	313	SY		
16. Furnishing all necessary equipment, materials and labor for the installation of Hydro-Mulch Seeding as per plans and specifications.	14,976	LF		
17. Furnishing materials, labor and equipment for implementation, enforcement, and maintenance of TPDES requirements for duration of project (SWPPP)	1	LS		
18. Allowance No. 1 – Contingency			\$50,000.00	\$50,000.00
19. Allowance No. 2 – Rail Road			\$200,000.00	\$200,000.00
TOTAL BASE BID (Items 1-19)			\$
